SUMMARY OF QUALIFICATIONS

Innovative and results-driven Senior Angular Developer with 8 years of experience in the software industry. Adept at developing dynamic web applications, optimizing performance, and collaborating with cross-functional teams. Proven ability to lead projects, troubleshoot complex issues, and continuously learn and adapt to new technologies.

WORK EXPERIENCE

TECH ACTIVE | **Angular Developer** | Jan 2023 - Aug 2024

Developed and maintained web applications using Angular framework. Guided and mentored a team of three developers. Collaborated with cross-functional teams to design and implement new features. Ensured code quality through code reviews and adherence to best practices. Troubleshot and resolved complex technical issues. Contributed to project planning and architectural decisions. Stayed updated with the latest industry trends and technologies.

- Extensive Experience: Over 8 years of hands-on experience in developing dynamic web applications using Angular.
- Project Management: Successfully led multiple projects from conception to deployment, ensuring timely delivery and adherence to quality standards.
- Technical Proficiency: Proficient in Angular, TypeScript, JavaScript, HTML, CSS, and RESTful APIs.
- Performance Optimization: Implemented performance optimization techniques, resulting in improved application speed and efficiency.
- Team Collaboration: Worked collaboratively with cross-functional teams, including designers, backend developers, and QA testers, to deliver seamless user experiences.
- Problem-Solving Skills: Demonstrated strong problem-solving abilities by troubleshooting and resolving complex technical issues.
- Continuous Learning: Committed to continuous learning and staying updated with the latest industry trends and technologies.

TRANSO (EZYLOAD LOGISTICS) | **Angular Developer** | Feb 2022 - Dec 2022

An optimized and automated technology platform with web and mobile apps is available for supply chain stakeholders to efficiently move shipments with tracking and monitoring in real-time. The platform utilizes HTML, CSS, JavaScript, and Angular Material, as well as Typescript and Google Maps, and Here Maps.

- Developed and maintained dynamic web applications using Angular framework.
- Collaborated with cross-functional teams to design and implement new features.
- Ensured high performance and responsiveness of applications.
- Conducted code reviews and provided constructive feedback to team members.
- Integrated RESTful APIs to enhance application functionality.
- Implemented best practices for front-end development and user experience.
- Troubleshot and resolved complex technical issues.
- Participated in agile development processes, including sprint planning and daily stand-ups.
- Contributed to the continuous improvement of development processes and tools.
- Stayed updated with the latest industry trends and technologies to ensure cutting-edge solutions.

VOLUNTEER

IIT-G

2022-06-14 - 2022-10-11
UI/UX Intern
https://www.iit-g.ac.in

Assisted in designing user interfaces and user experiences for various projects at IIT Guwahati. Collaborated with a team of developers and designers to enhance the usability and aesthetics of applications. Conducted user research and usability testing to gather feedback and improve design iterations. Created wireframes, prototypes, and mockups to communicate design ideas effectively. Provided support in maintaining design consistency and adhering to best practices in UI/UX design.

- User Interface Design: Created intuitive and visually appealing interfaces for various applications and websites.
- User Experience Research: Conducted user research to understand user needs and preferences, leading to more user-friendly designs.
- Prototyping: Developed interactive prototypes to demonstrate design concepts and gather feedback.
- Collaboration: Worked closely with developers, product managers, and other stakeholders to ensure design feasibility and alignment with project goals.
- Usability Testing: Organized and conducted usability tests to identify areas for improvement and enhance user satisfaction.
- Design Tools: Proficient in using design tools such as Adobe XD, Sketch, Figma, and InVision for creating and sharing design assets.
- Accessibility: Ensured designs met accessibility standards to provide an inclusive experience for all users.
- Continuous Learning: Stayed updated with the latest UI/UX trends and best practices to continuously improve design quality.

EDUCATION

AC UI/UX

Indian Institute of Technology - Guwahati • 2022

MBA Business Administration
Maharajah Arts and Science College • 2013

AWARDS

Won 1st prize
Cricket Competition

Won 2nd prize
General Knowledge Competition

TECHNICAL SKILLS

Technical Skills
Advanced

Angular · TypeScript · JavaScript · HTML · CSS · Angular Material · Bootstrap · PHP · MySQL · jQuery · CENTOS · Ubuntu · Terminal commands

Digital Marketing
Intermediate

Content Writing · SEO (Search Engine Optimisation) · SEM (Search Engine Marketing) · SMO (Social Media Optimisation) · SMM (Social Media Marketing)

INTERESTS

Technology Enthusiast

- Exploring the latest trends and advancements in the software industry

Sports Lover

- Playing and following cricket

Logistics and Supply Chain

- Understanding the intricacies of logistics, particularly through platforms like EZYLOAD LOGISTICS
